

## Top Industry Leaders Contribute to AtTask's Record Q1 2008 Performance

**Orem, Utah – April 21, 2008** – AtTask, the leading provider of project and portfolio management (PPM) software, announced record-level first quarter sales for 2008 - and an impressive list of new customers. Representing global corporations from diverse industries, new AtTask customers include: The American Academy of Pediatrics, Boeing, Cisco Systems, Electronic Arts, Google, Merck, Oneida, Sharp Electronics, and Shaw Industries Group.

“Our exceptional growth is a reflection of AtTask’s acceptance in a wide variety of industries,” said Scott Johnson, CEO of AtTask. “Our solution - @task - is an affordable and flexible project and portfolio management software that meets the needs of management as well as the needs of project team members. @task is the PPM tool that is meeting our customer’s needs, and is why we’re seeing so much success. Managers and executives can see what’s happening on the frontline with real-time, reliable data and can actually forecast when projects will be completed. There isn’t another PPM tool on the market that is offering that kind of functionality @task provides right now – we are the clear global market leader in category.”

AtTask’s growth for the first quarter of 2008 exceeded all corporate milestones.

“We had a strong first quarter and we believe the rest of 2008 will continue to exceed all expectations,” continued Johnson. “In addition, we are excited to be debuting in less than a month a new release of @task with significant product enhancements that will continue to provide the functionality that our customers demand – while keeping us positioned well ahead of the competition.”
